Bugs are bizarre, beautiful and an endless source of fascination. This live action nature drama will magnify the miniscule world of insects and explore the miracle of their success. From metamorphosis to mastery, predator to prey and community to concealment, extraordinary large format 3D images will bring audiences face-to-face with this amazing universe of creatures and their circle of life.

This feature combines incredible footage to deliver a fantastically entertaining and enlightening experience about the little guys in life.

Narrated by Judi Dench.
